SHIRT of the DAY

Tuesday June 27 – new l/s greenish blue dri-fit (can wear collared white polo underneath) or white polo

Today is the first day of the final session of girls. You are all doing a great job!! We look forward to a fabulous 3 more days.

How did the new roster process go today? Last session we had a team that would use the number of players on the roster, but one player would always be in a regular shirt. If you asked her about her uniform number, she claimed she was hurt. But after the roster was checked, she would just enter the game. Many of you checked the roster, but no one checked the number of players later in the game against the number of players on the roster. The team did forfeit their first 3 days of matches.

**** Referees**

- Make sure you have your name in your referee bag and on/in your backpack. Know what table you sit at in the morning.
- You CANNOT wear the hood of your new red jacket up on your head (except if you are on ct 130). You cannot wear the hood inside the building. You can wear it outside only.

So many of you are doing an outstanding, fabulous job! We sometimes forget those of you who do all the right things. There are so many of you out there doing it the right way. Keep up the good work!!

HOTEL

The hotels have a no smoking policy inside the buildings. There is a \$250 charge for smoking in the hotel (that can be deducted from your final pay). That includes the happy weed.

BE ON TIME

It's very annoying when all your matches are going great and things are on time and then your replacement is not at the court to start the next match. If you are 'off', there is absolutely no reason that you should not be at the court before the previous match is completed. Please make a more conscious effort to be at your court so matches can start on time or as quickly as possible. Thank you for your cooperation.

COACHES and SPECTATORS

It is unacceptable for coaches or spectators to approach a referee during a match or after the match. If coaches or spectators are out of line, you must call championship or the lead referee to handle the situation. You cannot 'throw out' spectators.
